

BOAT “TRY OUT” REGISTRATION FOR 2007-2008

Members/tenants can perform a “try out”/demonstration of a watercraft that is not registered in their name. The fee for a boat “try out” is \$25.00. All demonstrations must be performed under the direct supervision of the member or registered tenant. In accordance with the LOWA Regulations, the temporary registration shall be valid for 24 hours for each watercraft. The boat “try out” fee is intended for those who are considering the purchase of a specific watercraft. If it is determined that you are “trying out” your own boat to avoid the annual registration fee, the full registration fee will be assessed against your property account. A watercraft can be “tried out” one time only.

The boat “try out” fee of \$25.00 may be applied only once towards the annual registration fee, if the demonstrated watercraft is purchased and registered by the member/tenant.

Members and tenants in good standing are eligible to “try out” a boat by providing the following:

A current member or tenant card.

Boat test agreement from a valid boat dealer.

Proof of insurance.

Boat test certificate.

You will also be required to complete a Boat “Try Out” Registration form and pay the \$25.00 fee at the time of registration.
